After twelve great years of success, the ministry of Onward Christian Academy is able to offer the lowest tuition* available (to our knowledge) for online Christian education. Tuition cost is \$1,000 for the year with an initial (upfront) payment of \$300 and \$70 a month for ten consecutive months. We offer a 10% discount if paid in full before school starts and also a 10% discount for each additional student from the same family. NOTE: There are no course limitations or time restraints.

OCA grew from years of helping Christian parents educate their children. We have developed an affordable, convenient partnership among parents, professional educators, local church leaders, and Christian colleges.

Thank you, Onward Christian Academy for making a way for the Wagoner Family throughout the years. You have provided one of the greatest educations from home! We could not have done it without you, Mr. James Macdonald, and all the teachers' assistance.

We hope more families will find there is no better curriculum or price available. God Bless you and all your staff, Lisa

OUR EMPHASIS WILL ALWAYS BE:

- Promoting a Christian world view via an excellent academic curriculum.
- Providing an affordable education delivered by highly-qualified teachers.
